## TODAY'S GAMES.

New York at Boston.  
Philadelphia at Brooklyn.  
St. Louis at Chicago.

The police went down to defeat before the accurate playing and superior knowledge of the game evinced by the O'Neils, at Summit Lake park Thursday evening. Their proud nests are humbled, they have drawn their mantles about them and shut themselves up with their grief. The re-

OUR GREAT CLOSING OUT SALE OF THE STOCK OF THE AKRON SHOE CO. HAS ATTRACTED EXTRAORDINARY ATTENTION SINCE ITS INAUGURATION ABOUT A WEEK AGO. AND INDEED, IT IS NOT AT ALL SURPRISING THAT SUCH SHOULD BE THE CASE.

THE BARGAINS TO BE HAD IN SHOES FOR EVERYBODY, FOR MEN, WOMEN AND GIRLS, ARE SO INTERESTING AND TEMPTING THAT HUNDREDS ARE PROVIDING THEMSELVES NOT ONLY WITH PRESENT SHOE NECESSITIES, BUT ARE MAKING PURCHASES FOR MONTHS AHEAD, AND IN THIS THEY SHOW GOOD FINANCIAL JUDGMENT, FOR NO INVESTMENT CAN POSSIBLY PAY AS WELL AS TAKING ADVANTAGE OF THIS GREAT SACRIFICE SALE. WE HAVE SET APART PLENTY OF SPACE TO ENABLE YOU TO INSPECT THIS STOCK WITH EASE AND COMFORT.

porters, therefore rejoice with much quantity and sincerity, for the memory of their game with the Police is still as a mine pie dream in their memories.

An ambulance was there. Also there was a litter prepared that any accidents might be taken care of tenderly and judiciously.

Straw ticks were the bases, and the goals toward which the contestants strained each nerve and lung in the struggle for the laurel wreath of victory.

Officer Goodenberger and France were the audience.

The score was 7 to 5, and the game fast and furious. The features were almost exclusively the base running of Officer Mahoney.

The umpires were Eckermann and Brewster, and the game lasted five innings. Another game will be played next week.

## NORTH END OAKS WON.

The North End Oaks lapped the Cuyahoga st. Youngsters Wednesday by a score of 20 to 18. The Oaks hereby challenge any team in the city under 14 years of age.

## COLUMBIA WON.

The Columbia won from the Independence Thursday, by the narrow margin of two minutes, after a most exciting race.

## THE GOVERNOR IS SMOOTH.

Atlanta, Ga., Aug. 2.—Governor Candler said Thursday that he had not agreed to permit Jeffries and Ruhlin to fight next October in Savannah. "I have no authority to license prize fighting in this State," said the Governor.

"Any gentleman may come into Georgia and depart unmolested unless he, while here, violates the law. In such case he will be held and punished for his crime."

There is no law against prize fighting in Georgia, and should the contest take place, the participants could only be arrested on a charge of assault and battery. The representative of the Savannah promoters of the fight, who called on Governor Candler today, left for home tonight highly pleased with the result of his conference. The Savannah promoters want to pull off the fight early in October. The Legislature meets during the second week of that month.

## JEFFRIES AND FITZ ARBITRATING.

It is reported that a 'Frisco club has offered a rich purse for a fight between Jeffries and Fitzsimmons, and that Jeffries has made efforts to have the blacksmith accept. It is further reported that Fitzsimmons has gazed with eyes of admiration at the dimensions of the purse and wants to fight. The fighters have been in communication with each other and a date has been set for December. Although Fitzsimmons has scarcely finished making his quarterly announcement that he will retire, it is regarded as highly probable that he will take up the offer and try to land the purse.

## McGOVERN MATCHED.

A match has been made between Terry McGovern and Jack Robertson of London, the English featherweight champion. Their managers met Thursday at New York and came to an understanding. The men will fight at 126 pounds, weigh in at 3 o'clock. Thirty days will be reserved to hear from clubs who want the fight.

## CRESCUS AND THE ABBOT.

After being declared off once, the race between Crescus and The Abbot is now assured. This announcement was made at Columbus after The Abbot had stepped miles close to 2:11, the last half in 1:01, and the last quarter in 20 1/4 seconds. The race will take place at Brighton Beach, Aug. 18.

## CLEVELAND GOES WEST.

The Cleveland American League team has gone to Milwaukee, where two games will be played.

## AMERICAN LEAGUE IN PITTSBURG.

An American League team will be placed in Pittsburg, several of the other teams in the League having pledged players to start the team. MURRAY VS. INDEPENDENTS. The Murrays and the Independents will play a second game at Randolph park, Sunday. The game will be called at 3:30 p.m.

## GRANDS VS. S. E. A. C.

The Grands will play the South Ends in Buchtel field, Saturday afternoon. The game will be called at 3 p.m. The Grands were only recently organized, but many of their players are old timers and with the practice they have had, they expect to give the S. E. A. C. boys a run for their money. The Grands will play the Goodyears tonight on the West Hill grounds.

## KIRKWOODS VS. KENTS.

The Kirkwoods will go to Kent Saturday and face the hitherto invincibles of that place on the Island park grounds. Washer, who is slated to pitch for the local team, is expected to put the Kents into a state of amazement with his speed. Polsky is the brave youth who will get directly in "Buck's" range and endeavor to hold his delivery. A considerable number of Kirkwood rosters will accompany the team to Kent.

## WILSON

## Puzzles All the Police.

## His Audacity Is of Unusual Order.

## If Half the Stories Told Are True.

Since local officers have been devoting their energies to the capture of John Wilson, wanted for horse stealing, and complicity in other raptures of the law in Akron and its vicinity, many stories have been afloat about his narrow escapes from capture, and the audacity with which he has visited many of his old haunts. If half of them are founded on fact he is as smooth a young man as ever broke the law, and his ultimate capture, unless he gives himself up, will not be immediately effected. Ever since the last effort to round him up, several who know him by sight say that he has been in Akron. Report has it that he recently attended a picnic at Cottage Grove; that he was seen very lately at Lakeside casino, and that East Akron entertains him often, although he is said to travel strictly incognito.

Some of his former acquaintances claim to have met him on the street. On one occasion he is said to have worn a full beard, on another only a moustache and a third rumor has it that Wilson is smoothly shaven. Whatever the truth of the matter, the young man has given Akron police the biggest problem they have had in years, and all local aspirants to promotion in police work can hear the word, "Wilson," in conversation at exceedingly long range.

## SUNCREST'S

## Phenomenal Record.

## Responsible Guarantee That Every Promise Will be Kept.

We do not consider it necessary to cast any reflection upon the capacity of the people of Akron or vicinity in making selections of lots on Suncrest or any other property. We consider that to do this would not only be gratuitous, but an insult to the very intelligence of the citizens of this city. The people have judged and are judging—and the verdict is very much to our liking, as evidenced in the remarkable sale of lots at this most beautiful suburb. There are one or two things, however, which we wish again to emphasize, especially for those who are still unable to recognize what is embodied in a square, open, fair, honest, straight forward, clean, and liberal method of dealing with the people:

First, that every promise, every stipulation, every statement, every condition and every contract will be absolutely and honestly carried out to the very letter, and that in a long business career, covering many cities and properties, we have never yet been faithless to our trust, obligations or responsibilities. Furthermore, that there are thousands of customers who can testify as to our liberality and zeal in carrying out every promise.

Secondly, that we mean exactly what we say when we tell you that we guarantee to give a three cent electric car fare in accordance with the conditions specified.

Thirdly, that we have abundant capital to back up and support every statement and representation made. References without number from people in other cities where we have properties and who have benefited through our methods will prove any statement we set forth.

Now then there are several other facts which are of interest—Remember that the title to Suncrest is an absolutely perfect one, examined and certified by the Bruner-Goodhue-Cooks Abstract company, and Messrs. Beery and Snyder, attorneys, of this city, that we give only Warranty deeds with an Abstract of Title with each deed.

That every street and sidewalk at Suncrest will be built to standard grade levels, the grade established by the City Engineer and our Engineer, J. A. Gehres, County Surveyor.

That two lines of electric cars, the Cuyahoga Falls and Akron, Bedford & Cleveland, take you to Suncrest in about seven minutes' ride from the business center of Akron, that they take you all the way to Suncrest, that they go by the entire frontage of Suncrest, and that no walking is required to reach Suncrest.

Furthermore that such a property of such a desirable character has never been placed on the market about Akron. That you have never been offered for so little money, so much land—of such desirable character with such remarkable terms and inducements.

Bear in mind, too, that Suncrest is a settled and built-up neighborhood, with churches, stores, school and fine residences close around.

And again let us say that accessibility is one of the prime features of

## SUNCREST

You'll see it, all right. And You'll Read it, all right. And you'll find on investigation that its Claims Are All Right, too.

Meanwhile we can say this much--That we have secured at surprisingly low cost and will put on the market today, as handsome a piece of land as can be found in or about Akron--one of the most beautifully and conveniently located, as well.

## THAT WE CAN, AND ARE,

offering house-lots at prices and terms which will SIMPLY RID-DLE existing values in this city--LESS THAN ONE-HALF what is being asked for property anywhere near its equal, and LESS THAN ONE HALF ITS ACTUAL VALUE TODAY!

## THAT WE CAN, AND ARE,

selling any lot for \$2.00 DOWN; balance at \$1.00 to \$1.85 per week and upwards without interest, taxes, notes or mortgages;

## THAT WE CAN, AND ARE,

giving greater inducements than have ever yet been offered in this city--FREE LIFE INSURANCE, non-forfeiture, building prizes, improvements, three cent carfares, etc., etc.

## THAT WE CAN, AND ARE,

making this an opportunity which no man, even of moderate means, who desires a home of his own or a safe and sure investment, can afford to miss;

## THAT WE CAN, AND ARE,

carrying out to the letter and in good faith, every proposition and agreement made--and many years' experience with the largest suburban real estate firm in the world makes this business no novelty to us; we know what we can do and what we are talking about.

And Bear In Mind That SUNCREST Is Within About 7 Minutes' Electric Car Ride From Business Center Via Cuyahoga Falls & Akron, Bedford & Cleveland Lines.

This is "part" of the story. When all the facts are known and their full meaning is realized, we shall not have land enough to go round. So be prepared to come early.

The Akron Trust Co. has become a member of the Akron Clearing House association. All local banks now belong to that organization except the Dime Savings Bank. The greater the number of banks connected with the association, the greater the clearings are shown to be.

"There is no doubt," said a banker Friday, "but that the large increase in clearings as shown by Akron's re-
